Jeff Kreisler's Comedy Against Evil is *the* political comedy tour, stopping in D.C. to bid a heartfelt farewell to Bush and to plead with Obama to be half as kind to us as W. Comedy, not country, first.

A Write for Comedy Central's Indecision 2008, 236.com, & CNN.com, winner of *Bill Hicks Spirit Award for Thought Provoking Comedy*, cast member of *Shoot the Messenger* (from the creator of *The Daily Show*), author of *Get Rich Cheating* (from Harper Collins in 2009), and executive editor of *MY Wall Street Journal* (with writers from *The Onion*, *The Daily Show*, *Monty Python*, and more), Jeff and friends dissect American politics and culture with passion, absurdity, and hope.
