For Reservations: Call DCAC at 202-462-7833

Proof, written by David Auburn, is a contemporary drama about a young woman with unrecognized genius. After the death of her brilliant but insane father, for whom she sacrificed a normal life and formal education, she reveals a groundbreaking mathematical proof. The other character's disbelief that an uneducated girl could produce such a piece and her fear of following in her father's footsteps mentally as well as mathematically strains her relationships.
