

In The Moment

Curated by Deirdre Darden

Featuring works by Aliana Grace Bailey, Mark Thomas, Jordan Dukes, and Jeffery Boston Weatherford

In celebration of DCAC's 25th Anniversary:

A group exhibition of artists born since 1989

This exhibition features artists of varying mediums that share a common factor: they are all under 25 years old. While being 90's babies may connect them, it is the exploration of identity, technique and community that unifies these works. While marking the 25th Anniversary of DCAC, it also marks the 5th collaboration with Black Artists of DC (BADC).
