“Normal,” by Anthony Neilson, is the true-life story of Peter Kurten, the “Dusseldorf Ripper” of the 1920s and 1930s. This vaudevillian fever dream and disturbing love triangle is told from the point of view of the attorney who represented Kurten in the trial that ended his horrific crime spree. Kurten’s life is said to be the inspiration for Fritz Lang’s movie “M.” Directed by Jay D. Brock with original score by composer Gregg Martin, “Normal” features Brian McDermott, Elizabeth Darby, and Alex Zavistovich.
