### Happy Buddha XV: Diversity Buddha

A special Happy Buddha show to celebrate the diversity of the local improv and comedy scene! Our featured guest is **Lawrence Gilliard Jr.** of *The Wire* and *The Walking Dead*. We'll have an improvised telenovela from **Sabado Picante**, family-inspired hilarity from **Asian Moms**, and members of **Allergic To Winter** and Baltimore's **Minority Re'port** come together to form the improv supertroupe that we're calling **Negrodamous** just because we've always wanted to call an improv troupe that name! Don't miss what is sure to be Happy Buddha's most fabulous feast of funny yet!
