cash only at the door

Happy new year. Who is ready for some good ole fashioned, super fun, super smart, sometimes raunchy, always great improvisational comedy?

Chinese Menu shows have been called "The Ramones" of the improv scene. Why? Because they are bare bones and a kick ass rock and roll good time. No real kitsch. No gimmicks. No real hook other than the best in town having a great time.

Come out and see how we do.
